

Please leave the "No call" law in Indiana as it stands. Prior to the law, I was receiving calls at the rate of 5 or more per day at all times of the day and night (especially during supper). Since the law came in force, the nuisance calls have dropped almost to "0". I am a very happy camper. The law is working and everyone I have talked to is happy. So, if it works, don't try to "fix it". The people who are complaining the most are the very ones who abused the telephone system and therefore caused this law to be enacted.
